Dear Friends,

This is an Appeal to contribute towards the benefit of the Uttarakhand Survivors vide a Direct Rehabilitation Program.

The hills of Uttarakhand have seen the worst possible. Presently, the Armed Forces are doing a phenomenal job of rescuing people and the Government(s) are doing whatever they can. All of us are pained; wanting to do our bit; and often asking - 'what can I do?'

One big effort shall be required to rehabilitate the local survivors so that they can continue to have livelihood, jobs, homes, education, health etc once the present rescue efforts cease and the government machinery leaves. It is important that they get to live after having survived!

Therefore, here is what we are doing and proposing that you join us.

1. Our Company - LEAP Quality Education Practices – has initiated a Program to deliver Direct Benefit to the local Survivor, viz.,
  - i) Livelihood/occupation = build a shop; buy stocks and fill up the shop shelves; give material like gas/stoves/utensils to run a tea/snack shop
  - ii) Homes = build a home; repair a home; build a community shelter
  - iii) Education = get children admitted in running in the plains; get concessions and pay the balance; adopt orphans for education and have them admitted to hostel/schools
  - iv) Health = get our Doctor friends to move to the hills to conduct relief camps; pick up patients needing surgery/continuous treatment; move them to Dehra Dun and admit in our known hospitals
2. We shall identify the beneficiaries ourselves and through our network of clients, friends, associates etc in the affected areas
3. These beneficiaries shall all be deserving ie marginalized and needing help; and may not necessarily be the 'most deserving'
4. Our emphasis being to ensure Direct Benefit to the Survivors; perhaps not to very many; but deep, direct, focused and sustained to provide a proper life to whoever we can ; the scale to depend upon the resources mobilized

5. We have ourselves set apart an amount of Rs 1,00,000/- to begin the Program and are committed to –
- i) Set apart 5% of our Gross Receipts from now to at least March 31, 2014
  - ii) Absorb any and all administrative costs
  - iii) Use our network/goodwill to buy things at the most economic rates
  - iv) Making sure that the help given is genuine and impacting
  - v) Ensure a more than 100% output from each Rupee raised

6. Here is how you can contribute for now –
